Headteacher's Message

Dear Parents and Carers,

This week, we welcomed students back from what we hope was a restful, re-energizing and enjoyable half-term break.

Theme for the Week – Charity

This week's theme and assembly focused on our most important core value – **Charity**. The Notre Dame brand of 'charity' was best articulated by our foundress, St. Julie, who asked us to **"do small things with great love"**. At Notre Dame, charity is not necessarily about donations or giving to charitable organisations; it is about being charitable in our thoughts, words and actions to **all** of those around us. Mother Teresa of Calcutta said "kind words are short and easy to speak, but their echoes are truly endless."

Giving up our time to help

The Paper Cup Project (PCP), based here in Liverpool, has been offering support to the city's homeless and rough sleepers communities for the past five years.

The project brings together volunteers who regularly hit the local streets and work with those sleeping rough by giving them food, clothes, company and guidance for where they can receive more help.

Our School Vision Statement: Opening Hearts, Minds and Doors

"We make a living by what we get, but we make a life by what we give."

—Winston Churchill

Remembrance Service

Next Thursday at 11.00am, we will once again remember members of the armed forces who have died in the line of duty. This is an event that has long been held in the highest importance at Notre Dame and one that we traditionally observe by coming together as a whole school. Due to the remaining COVID restrictions, this year's remembrance service will once again be observed in classrooms to support social distancing. A recording of our service presentation will be posted on the college website.

School Vaccinations Team

On Thursday 11th November, we also host the NHS school vaccinations team who will be delivering several vaccinations including COVID 19 vaccinations for those students whose parents have submitted consent to the NHS Liverpool Immunisation Team. If you have not yet provided consent and would like your child to receive a vaccination, please do so by following this link: <https://forms.merseycare.nhs.uk/immunisation-consent-forms/covid-19-vaccination/covid-19-vaccination-form/> . **Please be assured that students will only receive any of the vaccinations covered in this programme on receipt of full parental consent. No child will be vaccinated without parent consent.** For further details on Thursday's vaccinations can be found in the NHS letter included in this week's newsletter.

Bonfire Night Celebrations

We would also like to wish every member of the Notre Dame family a safe and enjoyable Guy Fawkes night celebration. The dangers of fireworks have been well-publicised over the years but as a helpful and timely reminder of those dangers and some helpful tips on how to stay safe during bonfire night, please see the Royal Society for the Prevention of Accidents' website at <https://www.rospa.com/home-safety/advice/fireworks-safety> .

We wish every Notre Dame family a peaceful and safe weekend.

Mr Duffy

For Your Information : Please find below links to our latest college policies for Behaviour, Attendance and Child Protection

Behaviour - <https://www.notredameliverpool.com/wp-content/uploads/2021/10/BEHAVIOUR-MANAGEMENT-POLICY-PART-1-2021-STATUTORY-REQUIREMENT-FOR-WEBSITE-PDF-VERSION.pdf>

Child Protection - <https://www.notredameliverpool.com/wp-content/uploads/2021/10/CHILD-PROTECTION-POLICY-2021-STATUTORY-REQUIREMENT-FOR-WEBSITE.pdf>

Dear Parents/Carers

This is a reminder that the Liverpool Immunisation Team will be providing COVID-19 vaccinations at school on 11th November 2021.

All children aged 12 to 15 are being offered a 1st dose of a COVID-19 vaccine this autumn, including children who turn 12 on the date of vaccination.

COVID-19 is usually mild in children, but it can make some children unwell. 1 dose of a COVID-19 vaccine gives good protection against your child getting seriously ill. Vaccinating children can also help stop the spread of COVID-19 to other people, including within schools.

If you would like your child to be vaccinated but haven't yet completed a consent form on their behalf, please do so as soon as possible at the following link: <https://forms.merseycare.nhs.uk/immunisation-consent-forms/covid-19-vaccination/covid-19-vaccination-form/>

As an alternative to this offer, children aged 12-15 now also have the option of accessing an appointment for their COVID-19 vaccination at any time via the NHS Covid-19 Vaccination Booking System at: www.nhs.uk/covid-vaccination or by calling 119.

However, if your child does receive a vaccination at another local clinic location prior to their school vaccination session, please inform the Immunisation Team of this by calling 0151 295 3833 or emailing them at: vacandimms.team@nhs.net

This will help us to plan for school vaccination sessions and help prevent your child from being vaccinated twice.

Thank you for your support in this matter.

22nd October 2021

Dear Parent / Carer,

We are once again seeing worryingly high levels of COVID infections in Liverpool, with highest numbers in school children. The impact of COVID is a risk to everyone. Rising infections will mean more children becoming ill, needing to isolate from their friends, disruption to learning and more strict measures being re-introduced next term in schools.

We wanted to thank you for your support but also urge you to act now. Help us keep your child safe, in school with their friends next term and reduce the future impact of COVID on their lives by taking a few simple steps now.

No measure is perfect and we are recommending a few carefully selected measures, which we feel will have minimal impact on education and are effective at reducing risk of transmission – but for these to work everyone has to play their part now.

Face coverings are recommended for pupils, staff and parents/carers in communal areas in school from next term, but not in classrooms. We also ask that face coverings are worn at pick up and drop off from school, exemptions apply. As we enter winter, the rising levels of cases means this step has become necessary. When you cannot socially distance indoors or in a crowded place wearing a face covering is the most effective way to reduce your risk of infection or spreading the virus.

Even for young people, vaccination is our first line of defence against COVID. By vaccinating 12 to 15 year olds, we hope to limit transmission of COVID, but this will only happen if enough children in each school and class are vaccinated. Consented vaccinations for this age group are scheduled at schools now and until December – you're school will let you know when.

Even if you haven't been testing before, now is the time to start. It is essential that you and your child still use twice-weekly lateral flow tests and report the results (<https://www.gov.uk/report-covid19-result>) and when positive let your school know. Continued regular testing over half term will help reduce the risk of infections when returning to school.

Stay COVID safe. A few additional steps will help reduce your risk of infection, keep washing your hands or using alcohol gel, socialise outdoors and when inside ventilate the room. If you develop COVID symptoms, it is essential to isolate immediately, get a PCR test as soon as possible and let the school know.

We wish you all a COVID safe and enjoyable half term.

Yours Sincerely

Matt Ashton

ENGLISH NEWSLETTER

Who is in the team?

Mrs Kane, Mrs Drayne, Mr Walker, Miss Campbell, Miss Crosslind, Miss Cornwell, Miss Lowe, Mr Appleton, Mrs Hewitt and Mrs Smith

What text are we currently studying?

Year 7 'Percy Jackson and the Lightning Thief' by Rick Riordan

Year 8 'Romeo and Juliet' by William Shakespeare

Year 9 'The Woman in Black' by Susan Hill

Year 10 'A Christmas Carol' By Charles Dickens

Year 11 'Macbeth' By William Shakespeare

Year 12 'Who's Afraid of Virginia Woolf', 'Hamlet' and 'The Great Gatsby'.

Year 13 'The World's Wife' and 'The Grapes of Wrath'.

Fast Read

Last half term, there was a huge emphasis on reading. Our Year 7 and Year 9 students completed a 'fast read' of their texts 'Percy Jackson and the Lightning Thief' and 'The Woman in Black'.

What have we been studying?

This half term, our Year 7 students have been introduced to Greek mythology using 'Percy Jackson'. Understanding Greek myths will help our students throughout their English journey because they are mentioned in so many texts from Dickens to Shakespeare.

Our Year 8 students have started one of the two full Shakespeare texts they will study in KS3, 'Romeo and Juliet'. This half term, they will look for more than just an understanding of plot and language. They will look at this text critically and discuss more in-depth concepts such as patriarchy, male aggression and inexperienced love etc.

Our Year 9 students are revisiting the gothic genre with 'The Woman in Black'. They have had opportunities to explore fear and moral debates in more detail, particularly the intrinsic darkness of human nature.

Year 10 and 11 students continue with their GCSE English course. At the moment, Year 10 are enjoying the build up to Christmas by studying 'A Christmas Carol' and our Year 11 continue with the Shakespearean tragedy... 'the Scottish play...'

Year 11 Form Time Revision

Year 11 have been enjoying re-reading 'A Christmas Carol' during form time and participating in live Teams sessions from the Head of Department. This is a great way for our students to learn key quotations, revisit themes and think again about Dickens' message!

National Poetry Day

Our Poet Laurette, Joseph Riley, moved some of the staff to tears with his fantastic poem for National Poetry Day. What a star!

Caelum Vel Infernum

What is Choice?

a blessing, a curse?

a means to strive for better,
or for the thief to snatch a purse.

a source of confusion,
delusion, and misconception.
a split between destinies,
with mental infection.

some choice be grand,
yet some be minute,
many stay ignorant, and to fate,
stand and salute.

a burden on the shoulders
of students alike,
or for unhappy labourers,
to stand up and strike.

choice is a gift,
in some cases a sentence,

for one to abandon God,
but later turn in repentance.

the fool allows choice
to get the best of him,
take back your will,
be not so dim!

take back your liberty,
grip tightly the reins!
of your future, be crowned,
over your destiny you shall reign

a blessing and a curse,
choice may be,
but listen and comprehend,
'tis a means to set you free.

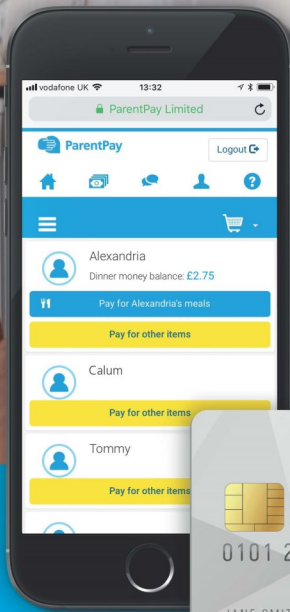

a blessing to the wise,
those with mind and open eyes,
a curse to the ignorant,
who to fate, offer up their cries.

By Joseph Riley

What Parents & Carers Need to Know about

TIKTOK

AGE RESTRICTION
13+

TikTok is a video-sharing social media app which lets people create, view and download looping 15-second clips. Typically, these are videos of users lip-syncing and dancing to popular songs or soundbites (often for comic purposes), enhanced with filters, effects and text. Designed with young people in mind, TikTok skyrocketed in popularity in 2019 and has featured near the top of download charts ever since. It now has around a billion users worldwide.

AGE-INAPPROPRIATE CONTENT

Most videos appearing on a child's feed are light-hearted and amusing. However, some clips have been reported for featuring drug and alcohol abuse, themes of suicide and self-harm, or young teens acting in a sexually suggestive way. The sheer volume of uploads is impossible to moderate entirely – and since TikTok Jump's introduction in mid-2021, users can view third-party content outside the app.

18

CENSORED

EXPLICIT SONGS

TikTok primarily revolves around videos of users lip-syncing and dancing to music. Inevitably, some featured songs will contain explicit or suggestive lyrics. Given the app's young user-base, there is a risk that children may view older users' videos and then be inclined to imitate any explicit language or suggestive actions.

W&H*!

TIKTOK FAME

The app has created its own celebrities: Charli D'Amelio and Lil Nas X, for example, were catapulted to fame by exposure on TikTok – leading to many more teens attempting to go viral and become "TikTok famous". While most aspiring stars hoping to be 'the next big thing' will find it difficult, setbacks may in turn prompt them to go to even more drastic lengths to get noticed.

HAZARDOUS VISIBILITY

Connecting with others is simple on TikTok – including commenting on and reacting to users' videos, following their profile and downloading their content. The majority of these interactions are harmless, but – because of its abundance of teen users – TikTok has experienced problems with predators contacting young people.

ADDICTIVE NATURE

Like all social media, TikTok is designed to be addictive. It can be hugely entertaining – but that also makes it hard to put down. As well as the punchy nature of the short video format, the app's ability to keep users intrigued about what's coming next mean it's easy for a 5-minute visit to turn into a 45-minute stay.

IN-APP SPENDING

There's an in-app option to purchase 'TikTok coins', which are then converted into digital rewards for sending to content creators that a user likes. Prices range from 99p to an eye-watering £99 bundle. TikTok is also connected with Shopify, which allows users to buy products through the app.

Advice for Parents & Carers

TALK ABOUT ONLINE CONTENT

Assuming your child is above TikTok's age limit, talk to them about what they've viewed on the app. Ask their opinion on what's appropriate and what isn't. Explain why they shouldn't give out personal details or upload videos which reveal information like their school or home address. In the long run, teaching them to think critically about what they see on TikTok could help them to become social-media savvy.

MAINTAIN PRIVACY SETTINGS

The default setting for all under 16s' accounts to 'private'. Keeping it that way is the safest solution: it means only users who your child approves can watch their videos. The 'Stitch' (which lets users splice clips from other people's videos into their own) and 'Duet' (where you build on another user's content by recording your own video alongside their original) features are now only available to over 16s. This might clash with your child's ambitions of social media stardom, but it will fortify their account against predators.

LEARN ABOUT REPORTING AND BLOCKING

With the correct privacy settings applied, TikTok is a relatively safe space. However, in case something does slip through, make sure your child knows how to recognise and report inappropriate content and get them to come to you about anything upsetting that they've seen. TikTok allows users to report anyone breaching its guidelines, while you can also block individual users through their profile.

ENABLE FAMILY PAIRING

'Family Pairing' lets parents and carers link their own TikTok account to their child's. Through your mobile, you can control your child's safety settings remotely – including limiting screen time, managing their ability to exchange messages (and with whom) and blocking a lot of age-inappropriate content. TikTok's Safety Centre also provides resources for parents and carers to support online safety among families. These resources can be found on their website.

USE RESTRICTED MODE

In the app's 'Digital Wellbeing' section, you can filter out inappropriate content (specific content creators or hashtags, for instance) using 'Restricted Mode'. This can then be locked with a PIN. You should note, though, that the algorithm moderating content isn't totally dependable – so it's wise to stay aware of what your child is watching.

MODERATE SCREEN TIME

As entertaining as TikTok is, you can help your child to manage their time on it in the 'Digital Wellbeing' section. Under 'Screen Time Management', you can limit the daily permitted time on the app (in increments ranging from 40 minutes to two hours). This preference can also be locked behind a PIN. That way, your child can get their regular dose of TikTok without wasting the whole day.

COVID ADVICE

Schools have been communicating directly with families and carers and keeping their individual websites updated and should always be the first place to go for advice about plans for getting back into the classroom.

However, we have put together the following frequently asked questions to answer some of the general questions about going back to school...

How do the [self-isolation changes of 16 August](#) affect school attendance?

If children and young people (aged 18 years & 6 months and under) have not tested positive for Covid, and they are not otherwise ill they are expected to be in school.

Anyone aged under 18 and 6 months who has been a close contact of someone who has tested positive is no longer required to self-isolate unless the child also has symptoms. They are advised to take a PCR test but they do not have to isolate whilst they wait for the results.

Students who are aged 18 years & 6 months and over will be treated as adults under the guidance and will not be expected to self-isolate if they have had a close contact provided they have received both Covid vaccinations and 14 days have passed since the second dose.

You can find out where drop-in Covid vaccination clinics are on [Liverpool CCG's website](#).

I think my child has Covid, what should I do?

If your child has symptoms, [please book a PCR test](#) and isolate until you have the results. If you receive a positive test result the child should self-isolate following the national guidance. If you need support whilst your family is self-isolating there is information on the [council's website](#).

Will children still be expected to take lateral flow tests (LFTs)?

Testing is voluntary, but it is encouraged as it is still one of the best ways to break the chain of infection.

We're encouraging secondary school pupils to take an LFT **before** they return to school.

When schools return, government guidance will be followed:

Nursery and primary school children – Do not need to take LFTs.

Secondary school pupils and college students – In the first week of term, two LFTs will be taken at school three to five days apart. In following weeks, two LFTs to be taken at home each week until the end of September.

Will testing continue after the end of September?

There will be a national review of all testing in September 2021 and this will inform the role of testing in school and other settings

What should I do if my child has a positive result on a lateral flow test?

They should self-isolate immediately and you should arrange a PCR test as soon as possible. <https://www.nhs.uk/conditions/coronavirus-covid-19/self-isolation-and-treatment/when-to-self-isolate-and-what-to-do/>

Other members of the household do not need to self-isolate whilst you await the PCR test result if they do not have symptoms and are aged under 18 years or are fully vaccinated.

Will pupils still be part of bubbles?

Bubbles were introduced to limit contact between groups. Schools are no longer required to do this, but they may be considered if there is an outbreak at the school.

What happens if there are positive cases in schools?

All schools and colleges are required to have outbreak management plans. Action may need to be taken if certain thresholds are met. If risks change significantly the Director of Public Health is able to implement further or different measures to protect population health.

Will school continue to inform us if there are positive cases in school?

Public Health England are currently advising schools that it is not necessary to send *warn and inform* letters for each pupil case. Parents will be informed if additional controls from the outbreak management plan need to be put in place.

Meanwhile schools will continue to maintain COVID prevention measures. This includes maximising ventilation, encouraging good hygiene, thorough cleaning and ensuring that anyone with COVID symptoms or positive test results do not come in to school.

Will children be made to have a vaccination?

No-one will be made to have a vaccination, but having both doses of the vaccination is still the best way of preventing people from becoming very ill with Covid-19.

The national vaccination programme is now open to anyone aged 16 and over. Sixteen and 17-year-olds will be contacted by their GPs and are not able to book vaccinations online.

I would like my child to have a vaccination as there is someone in my household who is vulnerable but my child is younger than 16.

Vaccinations are being offered to 12-15-year-olds if they have an underlying health condition or if someone they live with is immunosuppressed. You should speak to your child's GP.

Will my child have to wear a face covering in the classroom?

Guidance states that face coverings do not need to be worn in the classroom. But if your child travels to school or college on public transport that is crowded and they can't socially distance it is a good idea to wear a face covering if they are able.

Parents are encouraged to wear face coverings at the school gates particularly if social distancing isn't possible.

Will normal school activities now be taking place?

Yes, activities such as sports, singing, playing wind or brass instruments, and going on trips and excursions are now allowed to take place.

My child is anxious about returning to school is there any support?

The last year and a half has been especially tough for our children and young people. If your child is worried about returning to the classroom please speak to the school in the first instance. They can also get help and advice online such as at www.kooth.com

ATTENDANCE & UNIFORM

Attendance and Punctuality

The school's attendance officer is Mrs P Shrimpton

From 3rd September 2021 all students are expected to attend school.

All students should arrive at school before 8:40 a.m. to ensure they have enough time to be at their form classes for 8:45 a.m. Parents/carers must ensure that students leave home in plenty of time to get to school on time.

Breakfast - Students are able to have breakfast in school after 8 a.m. in the lower canteen

Appointments - Please do not make medical / dental appointments for students during school hours. Any appointments during school time will only be authorised with a letter or appointment card.

Holidays - Term Dates are included in this newsletter - please do not book holidays during term times. Any holidays booked during term time will be unauthorised unless with the prior agreement of the headteacher.

Pastoral Team

If you need to speak to a member of the pastoral team you can contact them via class charts messages.

Mrs Brennan - Senior Assistant Headteacher

Mr McKeon - Leadership Team / Director of Behaviour

Mr Campbell - Leadership Team / Director of Behaviour

Year 7 - Head of Year - Miss Wishart Assistant Head of Year - Ms Glorman

Year 8 - Head of Year - Mr Appleton Assistant Head of Year - Mrs Doran

Year 9 - Head of Year - Mrs Crosslind Assistant Head of Year - Mrs Littleboy

Year 10 - Head of Year - Mr Bond Assistant Head of Year - Mrs Garvey

Year 11 - Head of Year - Mrs Smith Assistant Head of Year - Ms Lee

Uniform standards

Please find attached the appropriate shoe guidance which is part of our school uniform. Parents/carers were provided with a letter regarding uniform and the details of appropriate shoes in the summer term. The information is also available on the school website. If pupils come into school with the wrong footwear from Monday 6th September 2021 they will be given an alternative pair of shoes provided by school. Any queries please speak to your son/daughter's Head of Year.
